

# Guillotine 564

- Non-slip, convenient and precise: ideal guillotine for professional use
- Sturdy solid metal table with rounded edges and non-slip rubber feet for firm standing
- Handy recessed grips for safe and easy transport
- Format lines on the table to help align materials, with handy mm scale along the cutting edge
- Work comfortably thanks to the ergonomic handle optimised for power transmission from above
- Upper blade made of ground and hardened Solingen steel bolted to the solid steel blade holder – resharpenable
- Bolted, ground and hardened lower blade made of Solingen steel
- Resharpenable blades made of high-quality Solingen steel
- Sturdy, solid-steel blade holder for optimum guidance of the screw-mounted upper blade
- Unique Dahle automatic safety guard for a clear view of the cutting edge
- Manual D-bar clamp for holding item being cut perfectly in place
- Two scale bars with mm scale for an exact 90° cut
- Adjustable magnetic backstop for fast format finding, can be used on both scale bars
- Clip-in front stop for cutting strips of equal width
- Precision laser beam line indicator for professional cutting results

Suitable spare parts	Back stop Dahle 611 Back stop Dahle 664 Rotary guard 00666 for Guillotine Dahle 564

\* The indicated sheet capacity for cutting machines is due to standard paper weight of 80 gsm but is still subject to texture, quality and state of paper. All of such information is based on the general formula 10 sheets = 1 mm stack height and may only be used as an aid to orientation for the selection of the cutting machine.
